Making reservation bus operations more efficient

Demand Bus Reservation System

We support local issues with a demand reservation system that is easy to use for both operators and users!

Operators

① **Easy confirmation & CSV output of the list of reservation holders!**

② **Reservation information be automatically sent to in-vehicle equipment!**

Easy management of reservation information!

③ **Speedy system implementation!**

We will flexibly respond to your requests.

Users

① **Easily make reservations from your PC or smartphone!**

Easy to change or cancel reservations!

② **Board the bus from the nearest point, such as your home!**

Once you have registered your nearest point, you do not need to enter it next time.

③ **You can give your handicap and other information in advance!**

We have a lot of experience in bus location! Please leave it to us!
